

Claim process for SAFA Additional Benefit claims:

When a SAFA registered player passes away, the claim form must be completed and sent to the **Region** AND soccer@delphisure.com in order to register the claim within the notification period.

**The insurers apply a strict 30-day reporting period for injuries.
If that condition is not met then the policy will not respond.**

Once the claim form has been received (signed and dated) and the claim registered, the claim number along with correspondence regarding outstanding documents will be forwarded and the claim process will start.

It is very important to always use the claim number as reference when sending through documents.
